Patrick Lee
 CEO, Singapore and ASEAN,
 Standard Chartered

Standard Chartered is proud to once again present the Standard Chartered Singapore Marathon (SCSM) 2025, our signature community event that brings together people from all walks of life to celebrate the values of resilience, performance and inclusivity.

SCSM 2025 marks our 24th consecutive year as title sponsor of the region's only World Athletics Gold Label race. Over the years, the race has evolved to attract participants from more than 80 countries, putting Singapore firmly on the world map. This year's revamped two-day event promises even more, with smoother race-day experiences and new routes that culminate in a memorable finish line at the historic Padang.

Whether you are an everyday runner or an avid competitor chasing your personal best, we believe your journey through the iconic landmarks of Singapore will be a source of inspiration and pride. We are also delighted to introduce a family-friendly carnival at the Kids Dash this year, providing more opportunities for everyone to revel in the festivities. These specially curated moments reflect our commitment to foster meaningful connections and deliver world class experiences for runners and non-runners alike.

On behalf of all our partners, including The IRONMAN Group, Sport Singapore, and Singapore Tourism Board, the organising committee and the many volunteers who help to make this event possible, we look forward to seeing you at the start line of #SCSM2025. Let the countdown begin.

Melissa Ow
 CEO, Singapore Tourism Board

The Standard Chartered Singapore Marathon (SCSM) is one of the most eagerly anticipated sporting events in Singapore. As Southeast Asia's only World Athletics Gold Label race, the marathon promises to be a memorable experience for both runners and spectators.

Flagging off at the F1 Pit building, this year's course gives runners a panoramic view of Singapore's most iconic landmarks like the National Stadium, Gardens by the Bay, Merlion Park, and the Esplanade, culminating in a spectacular finish at the historic Padang – a fitting finale as we celebrate Singapore's 60th year of independence. Spectators and supporters can gather along the route and at the Finish Line to cheer and soak in the race day excitement together!

On behalf of the Singapore Tourism Board, I extend our appreciation to The IRONMAN Group, Standard Chartered Bank, Sport Singapore, as well as all partners and volunteers who have put in tremendous effort to make this marquee event possible.

To visitors from around the world, welcome to Singapore – and beyond the race, do immerse yourselves in the rich tapestry of sights and sounds that Singapore has to offer! To all runners, I wish you the very best – stay hydrated and see you at the Finish Line!

Alan Goh
 CEO, Sport Singapore

Welcome to the most anticipated run of Singapore's sporting calendar – the Standard Chartered Singapore Marathon. We are thrilled to once again welcome runners from around the world to this event that celebrates community spirit, resilience and our shared passion for running.

2025 has been a milestone year for Singapore as we marked our nation's 60 years of independence with year-long celebrations over many SG60 events for our community. It is thus very apt that the finishing line for this year's SCSM is at our historic Padang – a landmark that has borne witness to many defining moments in Singapore's history and journey to where we are today. Every step you take brings you closer not only to your own personal triumph, but also to our shared story of how sport has been part of Singapore's development as a nation.

SCSM is also more than just a run – it reflects how sport transcends boundaries of background, age and ability, and fuels resilience, unity and inspiration.

I would like to extend my deepest appreciation to The IRONMAN Group, our title sponsor Standard Chartered Bank, and all our committed partners for their steadfast support in putting together yet another edition of this iconic event. Most importantly, to every runner: enjoy your run, stay safe, stay hydrated and have fun!

Jeff Edwards
 Managing Director, Asia
 The IRONMAN Group

Welcome to the Standard Chartered Singapore Marathon 2025!

This year's race is special for many reasons. As Singapore celebrates SG60, we recognize 10 years of The IRONMAN Group proudly organising SCSM. Over the past decade, this event has grown into a global gathering of runners united by passion, resilience, and the belief in human potential anything is possible.

For the first time ever, SCSM unfolds over two action-packed days: Saturday features the Half Marathon, 5km, and Kids Dash, while Sunday brings the Marathon, Ekiden, and 10km. Our redesigned routes promise more than just a race but a journey through Singapore's soul. From the F1 Pit Building to the historic Padang, you'll run past shimmering waterfronts, lush gardens, and iconic landmarks like the Merlion and Marina Bay Sands. And with a flatter course, this could be the year you achieve your personal best.

Beyond the race, SCSM continues to champion inclusivity and community spirit. Through initiatives like complimentary slots for underrepresented groups, gift-a-slot for Kids Dash, and support for Futuremakers by Standard Chartered, we're making sure the finish line is open to everyone.

I wish to extend my heartfelt thanks to Standard Chartered Bank, Sport Singapore, the Singapore Tourism Board, and all our partners and dedicated volunteers. Your unwavering support fuels SCSM's success.

RACE ENTRY PACK COLLECTION (REPC)

Timing Information

You will collect your race bib with an attached disposable timing chip at REPC. The letter on the bib represents your start pen. **Do not fold, cut or alter your race bib in any way.**

Ensure you complete the emergency contact and medical information on the back of your bib. Do not remove the timing device from your bib. For accurate timing, please ensure you run directly over the timing mats rather than alongside them. This allows the timing system to reliably capture your race timing.

Race Bib

You must pin your race bib to the front of your shirt/singlet or use race bib belt. Safety pins will be provided with your race bib during REPC. You must assemble at the appropriate pen on race day.

It is prohibited for another person to race under your name, or for you to race under another person's name. This is strictly prohibited for several reasons, but most importantly it is the danger and confusion it will impose in the event of an incident during the race. The information you provided during the registration process would include your emergency contact person and your medical information. In the event of an emergency, you will be treated according to those details by our medical staff and emergency services. Incorrect information will lead to distress from your emergency contact person and will waste the valuable time of medical and emergency staff.

Racing under another person's name will result in suspension from participating in IRONMAN owned and managed events.

Course Cut-Off Information

Cut-off points are enforced to facilitate road re-opening, ensuring runners' safety and the integrity of SCSM2025 required completion time. Runners who do not meet the respective cut-off timings at each cut-off points, will be disqualified and will be classified as Did-Not-Finish (DNF) runners. They will be ushered via shuttle buses back to the Finish Venue, and they will not be entitled to receive the Finisher shirt and medal.

Marathon: 7 hours 30 minutes

Teams must complete the entire course within 7 hours 30 minutes from their team's start time or they will receive a DNF*. If a team runner gets cut-off at an intermediate cut-off point, or if they are unable to complete their leg of the relay before the changeover zones' cut-off time, the next team runner will be released onto the course to carry on the race. However, the team will be considered as a DNF in the official results.

Intermediate Cut-off Points

- CP1 – 5.3KM (Stadium Blvd before Mountbatten Blvd) 06:03am
- CP2 – 9KM (Nicoll Highway towards Esplanade Drive) 06:43am
- CP3 – 23.6KM (ECP Carpark E1) 09:18am
- CP4 – 32.1KM (Marina Barrage) 10:49am
- CP5 – 37.6KM (Keppel Rd) 11:48am

**NOTE: The exact distances of the intermediate Cut-Off Points might differ after official course measurement. Respective cut-off time will be adjusted accordingly should the distances change due to course measurement or any potential race delays.*
